Academic Session: 2018-19

10 March, 2018

Dear Parents,

Congratulations, on your ward being promoted to the next class!

We at Modern focus on creating and innovative curriculum that is student centric and involves the participation of the student not just as an inquirer but also as a partner who reflects and opines, their by nurturing them as **lifelong learners**.

We understand that it is imperative to inculcate and nurture the divine curiosity in the 21st century learners by focusing on their holistic development. The school and home together have always played an imperative role in fulfilling this aim. There are certain issues pertaining to the discipline of the child, value inculcation (making them socially proactive and empathetic), understanding their needs and aspirations that we collaboratively need to prioritize and give our utmost attention to. **Therefore, kindly take due note of the following:**

- **Irresponsible and unsupervised use of Internet at home** (strictly prohibited in the school)
- **Use of mobile phones** (-do-)
- Use of foul and abusive language (-do-)
- Expensive gift items for staff & students on birthdays (-do-)
- Distribution of any kind of invitation cards in the school (-do-)
- **Use of self driven motorized vehicles** (-do-)
- Improper, shabby uniform and fancy haircuts (-do-)
- Wearing fancy and heavy jewellery, friendship bands (-do-)
- **Coming late to school** (-do-)
- Taking leave without prior and proper information (-do-)
- Bringing and exchanging film/music CDs, pendrives etc. (-do-)
- No oral medicine to be carried/sent to the school (-do-)
- **No Tiffin(s) accepted after the child has reached the school.** (-do-)

Also, kindly note that at the Middle and Secondary level, **NO short leaves shall be allowed for attending coaching classes for competitive exams and no child shall be sent home without the parent(s) being there in person.** In order to ensure the safety and security of the students, **it is mandatory to have the Parent I-cards for any visit/communication at all school levels.** At school, we are going to be very strict and particular about this and we wish to seek your co-operation and support so that we are able to enforce these successfully.

The school believes in incorporating radical changes in its instructional design in order to ensure that the education that is imparted stays relevant.

The school has set up a **Safety and Welfare Committee**, represented by the members of the staff and parent community. The sole purpose of this initiative being the establishment of a strong system that addresses the **safety concerns of our children.**

The school has its own website www.modernschoolgzb.com to provide an effective means to communicate various aspects of the school's day-to-day operations with the stakeholders – parents, community, students and educators. The school's upcoming website contains all the information regarding school activities, programmes and academic curricula. Besides, it increases the student's accountability by providing them with 24/7 access to the tools and resources they need to succeed. The website is our conduit to reach out to the world, along with providing a platform to the students to voice their views and opinions. **We solicit your view and innovative idea regarding the shape, reach and content of the website in the coming months.**

The Almanac is an important means of communication to build a bridge of understanding between the student's home and school. **The Almanac of the current session is a comprehensive document which enumerates the school's rules and regulations, school events, special assemblies, trips and visits and the evaluation system followed.** Parents may also communicate with teachers through this medium. We kindly request you to familiarize yourself with the contents of the almanac to get a thorough knowledge of the school's policy. **Students need to carry the almanac to school every day.**

It gives me great pleasure to share with you that the school has **brought about extensive infrastructural changes in the campus to make the stay of the students in the school safer, more comfortable and happier. And will keep doing in coming months.**

I am sure you will appreciate the school's effort and join hands with us in furthering the cause of education. You are further, requested to take time out of your busy schedule to be with your children, talk to them, make friends with them, discuss their problems, help, and support and encourage them. **At the same time interact with the school (teachers, coordinators, HMs) by regularly attending the PTM's or visiting the school with prior appointment.**

A humble request to all parents is that we would appreciate if you could ensure that all feedbacks are given in visiting so as to facilitate not only efficacious record keeping but also immediate compliance. **I maintain that your constructive feedback will strengthen us in working towards our mission to provide visual learning experiences to the students.**

Seeking your cooperation today and always.....

Yours truly,
Principal
